

Eurachem

A Focus for Analytical Chemistry in Europe

Eurachem news, Summer 2022

Eurachem e-News provides news updates and information on forthcoming events, new Eurachem guidance and other Eurachem initiatives. We hope you find it useful.

Event news

Eurachem online workshop: Measurement uncertainty using in-house validation data

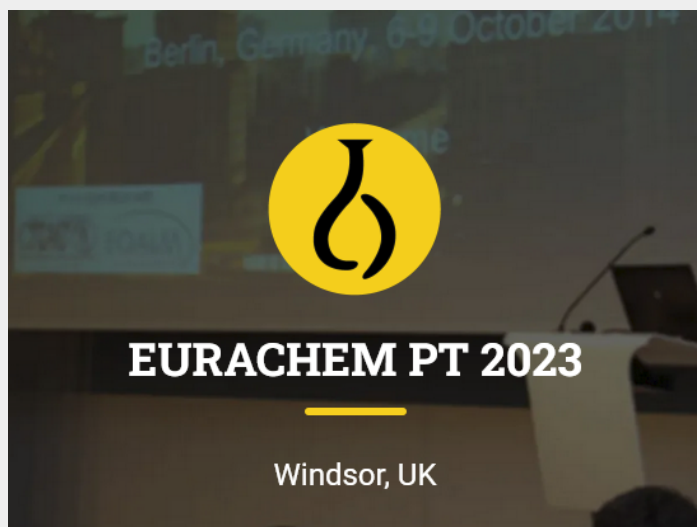

Our Measurement Uncertainty & Traceability working group are running an online workshop on "Measurement uncertainty evaluation based on in-house validation data" on 25-26 October 2022.

See our website for [information and pre-registration details](#).

Tenth Eurachem Proficiency Testing Workshop

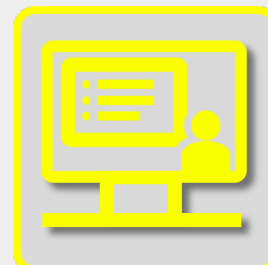

Our tenth Eurachem Proficiency Testing Workshop will take place on **25-28 September 2023** in Windsor, UK. You can register and keep up to date via the conference website at <https://eurachem-pt2023.org/>

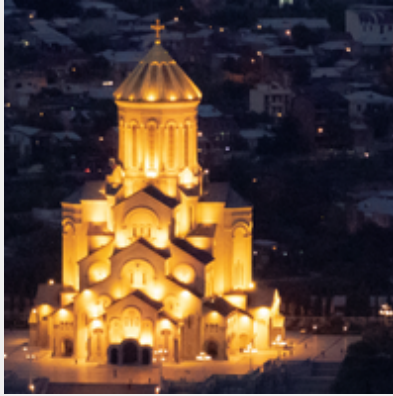

Date for the diary: Non-targeted methods webinar

The Eurachem method Validation WG will be running a one-day webinar on 15th November 2022 on the subject of "Trends & challenges for Non-Targeted Methods - What, How and Who?". This is intended to be the first in a series of events on non-targeted methods.

Brief calendar details can be found on our [Event Calendar](#), which will be updated when registration details are available.

Workshop presentations available

Presentations from our May workshop "Quality Assurance Challenges of Measurements from Field to Laboratory with a Focus on ISO/IEC 17025:2017 Requirements" are available [on our website](#) and on the [event website](#), kindly hosted by Gelab

Eurachem Guidance update

New information leaflet on PT terminology

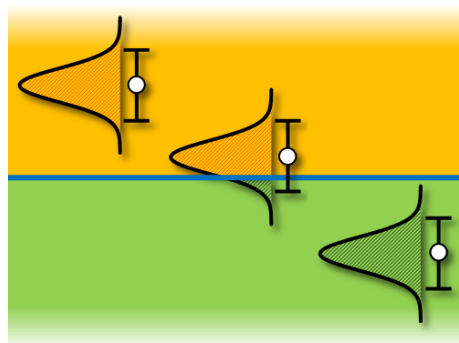

The Eurachem PT working group has issued a new Information Leaflet - "Let's call a PT scheme a PT scheme!" - covering the terminology for interlaboratory comparisons, including PT schemes.

The new leaflet can be [downloaded from our website](#).

Eurachem Compliance Guide now in Ukrainian

The Eurachem/CITAC measurement and traceability working group are delighted to announce that, thanks to hard work by our colleagues in Ukraine, the second edition of our guide "Use of uncertainty information in compliance assessment" is now available in Ukrainian.

"PT for sampling" leaflet now available in Farsi

Thanks to our colleagues in Iran, the EEE-PT Working Group is pleased to announce a Farsi translation of the Information Leaflet on PT schemes for sampling. The leaflet gives guidance on the application of ISO/IEC 17043 for PT providers organising PT schemes for sampling.

All translations can be [found on our website](#).

People

New Chairs and Secretariat

The 2022 Eurachem General Assembly saw the appointment of the new Chair, Vice-chair and Secretary for 2022-4. You can find out more in our [introduction to the new Chairs and Secretary](#).

New Executive members

In addition to the new Chair, Vice-chair and Secretary, Eurachem welcomes new Elected members to the executive; our [Executive member update](#) welcomes new faces and says goodbye to a well-known member!

Stakeholder news

Eurolab information

Eurolab is supporting a range of events in 2022, including joint symposia with IMEKO and MathMet; details can be found [on the Eurolab website](#).

The Eurolab newsletter for summer 2022 is also [available to read online](#) with subscription available at <http://eepurl.com/hVsmG1>
